What makes our rum different

Red Sky Rum is blended using the finest Rums in Venezuela, from the Tiuna, Yaracuy, and CIFE distilleries. Expertly blended to achieve optimal balance of flavor, depth, and smoothness. Our Silver Rum is this blend in its purest form. To create our aged rum, our blend is aged for 4 years in Fresh White Oak Barrels and retired Bourbon Barrels. We bring both rums to proof with soft water and Caribbean Sea Salt to enhance their rich and bold flavors.

THE STORY OF THE CARIBBEAN QUEEN

Inspired by Gertrude Lythgoe, a head strong woman from NYC who set up shop in the Caribbean during prohibition. Known for only buying and selling the best liquor available she used a pistol and a straight blade to maintain her reputation. Wanting to beat the smugglers jinx, she left her one true Love the “Real” Bill McCoy and smuggling partner at sea to sail off into the sunset to live life on her own terms.

We are a collection of service industry veterans providing a locally owned alternative to global spirits companies.

Inspired by the Misguided Spirits of earlier times who lived life on their own terms and shaped the world around them by building a community, giving them a voice, a purpose, and a good stiff drink.

We offer the choice of purchasing directly from the person in front of you, someone from the neighborhood. Each of us at Misguided Spirits is a partner in the company and focuses on providing support to the bars and restaurants that pull the communities we share together. We are simply trying to create a more equitable approach for an industry that is for many of us our collective family.
