1983

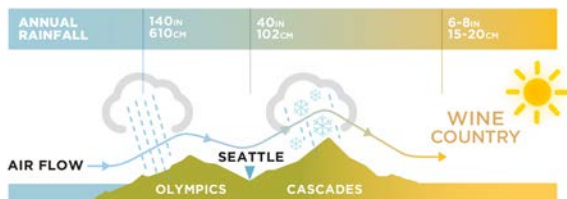

Barnard Griffin, was founded in 1983, by Rob Griffin & Deborah Barnard, **the same year as Madonna's debut studio album, featuring her hit, Everybody.** As one of the first winemakers in the state, Rob Griffin has a deeply rooted understanding and unmatched institutional knowledge of Washington's variation in terroir and vineyards. Rob has actually been making wine in Washington since 1976.

The "Rain Shadow" of the Cascade Mountains

Rob Griffin has cultivated strong partnerships with vineyards and viticulturists throughout the Columbia Valley, bringing our wine program consistently high quality fruit. The Terroir: Situated in the **"rain shadow of the Cascade Mountains,"**

the Columbia Valley accounts for 99 percent of viniferous acreage in Washington.

Music & Art are Very Important at Barnard Griffin

Rob Griffin is classically trained in the **French Horn**, and assistant winemaker Mickey French is also a gifted cellist. At Harvest time, when fruit comes in, Rob Griffin will grab a horn and blast away to alert the team Fruits In!

Deborah Barnard is a world renowned glass artist, and runs a glass art studio on the winery campus. The tasting room is filled with her beautiful pieces.
