Dried Fruit - Tobacco - Dark Chocolate

### THE SHERI EVOLUTION

The balance between Oloroso Sherry and Mizunara oak is that of an intense, passionate tango, both wanting to lead with no desire to relinquish and follow. As a result of a few too many dances before the whisky was removed from the barrels, the Mizunara oak overpowered The Sheri. Our Master Blender pulled the bottling, aging The Sheri in PX barrels to restore harmony, depth, and balance within the whisky dance. And the result... a flawless samba, alluring the palette.
